

SDR-RX
1-1700MHz

This is a white-on-black PCB layout for an SDR-RX circuit. The layout features a complex network of white traces on a black background. At the top left, there is a multi-pin connector. The central area contains several integrated circuit footprints and smaller components. At the bottom, there is a multi-pin connector with several pins extending downwards. The text 'SDR-RX' and '1-1700MHz' is located in the upper left quadrant, and 'DD7LP Elektronik 4-13' is located in the lower center.
